

BAYPORT WEST GATE REPLACEMENT

As you are aware Bayport West is a Deed Restricted Community that has been around over 30 years. Our gates are starting to wear and in some cases the plates that are attached to the block walls are failing. The condition of the gates is less desirable. We have located a firm that will replace and install a new gate and is reasonable priced to include a larger plate to attached to the receiving wall. These gates will be furnished primed and ready for painting in our required colors. The following is the price break down and if 20 homeowners can get together, the vendor will allow a reduced price of \$100.00 per gate.

- 1 Steel gate – close top, three rail ornamental gate , standard latch system with prime finish only
\$460.00
- 2 Aluminium gate - close top, three rail ornamental gate, standard latch system, powder coat finish
\$620.00
- 3 There will be \$40.00 per gate charge for a knob installation instead of the latch system

This price includes installation and removal of existing gate. There is a two week lead time from order date and the install date .

The vendor is : **NSJ Fence & welding LLC**
604 Royal Cress Way
